5. Acquisition and disposal of Fortis Units

Proposal:

- to authorise the Board of Directors of the company and the boards of its direct subsidiaries, for a period of 18 months starting after the general meeting which will deliberate this point, to acquire Fortis Units in which twinned Fortis SA/NV shares are incorporated, up to the maximum number authorised by Article 620 §1, 2° of the Companies' Code, for exchange values equivalent to the average of the closing prices of the Fortis Unit on Euronext Brussels and Euronext Amsterdam on the day immediately preceding the acquisition, plus a maximum of fifteen percent (15%) or minus a maximum of fifteen percent (15%).
- to authorise the Board of Directors of the company and the boards of its direct subsidiaries, for a period of 18 months starting after the end of the general meeting which will deliberate this point, to dispose of Fortis Units in which twinned Fortis SA/NV shares are incorporated, under the conditions which it will determine.
- to authorise the Board of Directors of the company, for a new period of three years, to acquire or dispose of Fortis Units in which twinned Fortis SA/NV shares are incorporated, by means of purchase or exchange, when this acquisition or disposal is necessary to avoid serious and imminent damage to the company, and therefore to replace the words "12 December 2001" in point 1 paragraph 2 and point 2 paragraph 2 of Article 13 by the date of the general meeting deliberating this point.

6. Amendments to the articles of association

The proposed amendments have a dual purpose.

- On the one hand, they aim to co-ordinate the provisions of the articles of association of Fortis SA/NV and of Fortis N.V. The aim of this co-ordination, which, as regards Fortis SA/NV, does not imply any amendments liable to harm the rights of the shareholders or capable of having such consequences, is to offer the shareholders an identical structure, numbering and wording of the articles for the two companies of the Fortis group. It also ensures that the French version and the Dutch version tally perfectly with each other in terms of form. As a result of this co-ordination proposal, certain provisions that are governed by the respective applicable legal texts will no longer be mentioned in the articles of association of Fortis SA/NV and of Fortis N.V.
- The second purpose of the amendments to the articles of association is to rephrase the articles relating to the Board of Directors, the Management and the representation of the company. As regards the rules governing the composition of the Board, the new text reflects the abandonment of the principle of parity consisting in a balance between the number of category-A directors and the number of category-B directors.

Proposal, therefore - to the exclusion, however, of the provision relating to the company's object - to amend the articles of association as follows:

Section 1 – Definitions – Twinned Share Principle – Form – Name – Registered Office - Object

This present Section 1 is subdivided into three different headings.

- **The first heading “DEFINITIONS” consists of a single article which, with the exception of three new points detailed below, corresponds to the present Article 1, subject to certain improvements of a linguistic nature and the fact that the Dutch text has been brought into line with the French text.**
 - Fortis Group: the group of companies jointly owned and/or controlled, either directly or indirectly by Fortis SA/NV and Fortis N.V., including Fortis SA/NV and Fortis N.V.;
 - Giro System:
 - the book entry system as provided for under the Dutch Act on securities transfer by giro (Wet giraal effectenverkeer),
 - the book entry system as provided in the Belgian Royal Decree 62 of 10 November 1967 and
 - such book giro system(s) as from time to time determined by the board of directors;
 - Any reference in these articles of association to the shares and the shareholders shall mean the Twinned Shares as well as the holders of Twinned Shares, unless expressly stated otherwise.

- **The second heading “NAME – FORM – REGISTERED OFFICE – OBJECT” comprises Articles 2 to 4 which correspond to Articles 3 to 6 of the present articles. Subject to the removal of the possibility for the Board of Directors to decide on the transfer of the registered office, the new Articles 2 and 3 reproduce all the terms of the present articles, although their presentation has been improved.**

- **The third heading “TWINNED SHARE PRINCIPLE” reproduces the terms of the present Article 2 which, with the aim of making it easier to read, has been split into three articles. Aside from a number of linguistic improvements, and the Dutch text being brought into line with the French text, these three articles present the following characteristics.**
 - ↪ The new Article 5 reproduces the Twinned Share principle as it features in paragraph 1 of the present Article 2. However, the following changes have been made:
 - in the first sub-point, the word “cancelled” has been added at the beginning of the sentence, between the words “subscribed” and “transferred by others”;
 - the paragraph previously appearing at the end of the present Article 7 has been reproduced at the end of this first point: *“At all time, the number of Twinned Shares in issue and the number of Fortis N.V. shares will be equal »;*
 - a paragraph has been added, authorising a dividend to be paid out in shares and worded as follows:
 - b) *An exception on the Twinned Share principle is allowed for the purpose of the distribution of a stock dividend (i.e. a distribution in Fortis Units), provided that in the event a stock dividend is distributed ordinary shares may only be issued to Fortis N.V. against contribution in cash by the latter and these shares may be transferred only to those shareholders that have elected to receive their stock dividend from Fortis N.V*

 - ↪ Article 6 reproduces the terms of paragraphs 4 to 9 of the present Article 2

 - ↪ Article 7 is in accordance with paragraph 2 of the present Article 2.

Section 2 – Authorised Capital – Shares - Bonds

This present Section 2 is replaced by a heading entitled “CAPITAL – SHARES” containing Articles 8 to 12 which correspond to Articles 7, 8, 10, 11, 13 and 17 of the present articles of association.

Articles 8 and 9 reproduce respectively the terms of Articles 7 and 10, subject to minor adaptations mentioned below.

Article 10, reproduced below, has been comprehensively rephrased in the context of the harmonisation of the articles of association of Fortis SA/NV and of Fortis N.V. The aim is to ensure that shareholders are better informed about the keeping of the registers, the representation of bearer shares and the conversion principles.

Article 11, reproduced below, aims to improve and bring together in a single article the various references to the pre-emption right made in Articles 11 and 17 of the present articles of association.

Article 12, reproduced below, is simplified to the extent that it no longer mentions those principles which are specified in law with respect to the acquisition of own shares.

- ↪ Article 8, entitled “Capital”, corresponds to the present Article 7, with the exception of the last two sentences and the insertion, in the French version only, of the word “Jumelées” after the words “...(1.337.882.634) Actions”.

- ↪ Article 9, entitled “Authorised Capital” corresponds to the present Article 10, amended as follows:

- in point 1, which becomes point a), insertion of the words “Subject to the Twinned Share Principle” before the words “the board of directors”,
- removal of the present point 2,
- in the new points b) and c), replacement of the words “starting after the general meeting of shareholders of 27 May 2003” by the words “ending on 26 May 2006”,
- in the new point d), replacement of the words “issue of new shares” by the words “issue of new Twinned Shares”.

↪ Article 10, entitled “Form of the shares”, is worded as follows:

- Twinned Shares shall be either registered or bearer shares, such at the discretion of the shareholder.*
- Each Twinned Share has the same set of characteristics and shall be of the same form than the Fortis N.V. share with which such Twinned Share is twinned in a Unit and vice versa.*
- The board of directors shall keep a register similar to the register kept by the board of directors of Fortis N.V. in which the names and addresses of all holders of registered Twinned Shares are recorded. The holders are obliged to notify the Company in the event the place of residence or address change. If so requested, the board of directors shall provide, free of charge, an extract from the register to a holder of registered Twinned Shares pertaining to his right to such shares. The board of directors of Fortis N.V. shall provide a similar extract from the register of Fortis N.V.*
- Physical bearer shares (en vijf / K-stukken), which bear a dividend coupon sheet, can be issued for bearer Twinned Shares. These physical bearer shares indicate that the holder of a bearer Twinned Share is also holder of a bearer Fortis N.V. share. Physical bearer shares will be available in several denominations as to be determined by the board of directors.*
- At the shareholder’s request, registered Twinned Shares may be converted to bearer Twinned Shares by cancellation of the entry in the register. Bearer Twinned Shares may be converted to registered Twinned Shares, by submitting the physical share, if any, and the corresponding entry in the shareholders’ register. Nevertheless, the conversion of a Twinned Share into another form is suspended as far as the Twinned Shares have been lodged for a general meeting of shareholders pursuant to article 20 a) until the end of the general meeting of shareholders.*
- The board of directors of the Company shall determine the manner and the conditions the Twinned Shares may be entered into the Giro System or removed from such system.*

↪ Article 11, entitled “Pre-emption rights”, is worded as follows:

- In the event of a capital increase to be subscribed in cash, or in the event of the issue of convertible bonds or subscription rights, the shareholders’ meeting may decide, in the interest of the Company, to restrict or to exclude the pre-emption right of the existing shareholders, subject to a similar decision to be made by the appropriate corporate body of Fortis N.V.*
- The board of directors may also, in connection with the authorised capital and in the interest of the Company decide to restrict or to exclude the pre-emption right of the existing shareholders, even if this restriction or exclusion is undertaken in favour of one or more specific persons, other than members of the Company’s or one or more of its subsidiaries’ personal. The decision of the board of directors is subject to a similar decision to be made by the appropriate corporate body of Fortis N.V.*
- At the time of issue of convertible bonds, the board of directors may, in the interest of the Company, restrict or cancel the pre-emption right of the existing shareholders, even if this restriction or cancellation is undertaken in favour of one or more specific persons other than members of the personnel of the Company or of one of more of its subsidiaries.*
- At the time of issue of subscription rights, it may also, in the interest of the Company, restrict or exclude the pre-emption right of the existing shareholders, except where this issue is reserved principally for one or more specific persons other than members of the personnel of the Company or of one of more of its subsidiaries.*

↪ Article 12, entitled “Acquisition of own shares”, is worded as follows:

- The Company may acquire Units in which Twinned Shares are included in accordance with the Company Code.*
- The authorization of the general meeting is not required when the acquisition of Units in which Twinned Shares are included is necessary in order to avoid serious and imminent damage to the Company. In this event, the board of directors is authorized to acquire the Units by way of purchase or exchange, in accordance with the legal provisions in force. This authorization is granted for a period of 3 years starting after the general meeting of shareholders of 26 May 2004.*

- c) *The board of directors is authorized to decide upon alienation of Units, in which Twinned Shares are included in accordance with article 622 §2 alinea 2, 1° of the Company Code.*
- d) *The authorization of the general meeting is not required when the alienation of Units in which Twinned Shares are included is necessary in order to avoid serious and imminent damage to the Company. In this case, the board of directors must cede the Units on the stock market or following an offer to sell made to all shareholders at the same conditions. This authorisation is granted for a period of 3 years starting after the general meeting of shareholders of 26 May 2004.*
- e) *Without prejudice to paragraph c) and d) of the present article, the Company may:*
 - 1) *in the event it has acquired a Unit, transfer the Fortis N.V. share which is part of the Unit, separately from the Twinned Share which is part of the Unit, to Fortis N.V., as a result whereof the Company will only remain holder of the Twinned Share;*
 - 2) *acquire only the Twinned Share out of a Unit, if such Twinned Share is acquired from Fortis N.V. or if Fortis N.V. simultaneously acquires the Fortis N.V. share included in the same Unit.**Notwithstanding the provision of this paragraph, the Company may, in the event it has acquired a Unit, transfer this Unit to any third party in accordance with the rule applicable to such transfer.*
- f) *The Company cannot derive any right to distributions from shares in its own capital. In the calculation of the distribution of profits, the shares referred to in the previous sentence are not counted unless there is a right of usufruct or a pledge on such shares for the benefit of a party other than the Company.*

<p><u>Section 3 – Administration – Management – Control</u></p>

This present Section 3 is replaced by a heading entitled “BOARD OF DIRECTORS – MANAGEMENT”, containing Articles 13 to 16 reproduced below, which present the following main features:

- ↔ **the principle of the “one-tier board” is retained;**

- ↪ Article 21, which reproduces the basic principles of the present Article 28 concerning the composition of the board and the minutes of the meeting, also stipulates that “ *The chairman shall decide on all disputes with regard to voting, admitting people and, in general the procedure at the meeting, insofar as this is not provided for by law or the articles of association*”
